 This course is designed to be blended/flipped format relative to a traditional class. Students are expected to invest time outside of class to complete all of the recorded lecture videos, textbook and other assigned readings lecture quizzes and weekly assignments. Class time is used in a variety of ways including "bench to bedside" lectures, practice in inquiry based activities, but are NOT substitutes for out of class reading. There is an increased emphasis on learning how to read scientific literature, communicate science for a general audience through creative assignment, technical writing and designing and interpreting experiments

 In this course, students will begin to explore the personal, institutional, political, and cultural forces that impact the lived experience of being a professional teacher. Possible key questions for reflection include: How does self-knowledge help teachers positively shape their professional lives? How does school culture shape the day-to-day life of teachers and how do you identify a school culture that is right for you? How does the current emphasis on standardized testing impact the life of a teacher and how can teachers positively respond to this? What does it mean to be a role model and what are the challenges and opportunities presented by this social role? What does community mean and how are teachers participants in and facilitators of positive community? Exploration of these questions will occur through student centered, hands-on, and interactive classroom activities
 Above class meets 100% Online through Asynchronous instruction. For more information visit <https://covid.iu.edu/learning-modes/index.html>

In this 1 credit, 8-week class you will learn and develop classroom management and teaching strategies to prepare you to serve as a substitute teacher with Indiana school districts. Through the coursework, you will: develop practical classroom experience including creating a safe, healthy, supportive and inclusive learning environment; develop classroom management strategies conducive to maintaining a positive learning environment; acquire knowledge of teaching strategies to differentiate instruction for students with various needs; and understand the professional behaviors and dispositions of a substitute teacher.

While the state of Indiana requires all Substitute Teaching permit applicants to be 18 years old, all SOE students can enroll in this course

Will you be navigating IU's beautiful campus for the first time this Fall? Wondering how help resources work and how to feel more comfortable using them? Seeking to expand your college experience? Building those personal connections is the central focus of this course! We'll take trips and invite guests to discover all the amazing opportunities here, help you figure out fun and useful ways to get involved in campus life, and share our experiences with each other in a warm, supportive environment. Best of all, there will be many opportunities for multicultural dialogue and forming friendships in a small group. It's all the stuff you want to know about IU, inside and outside of the classroom, except with this class you get credit for it!

Families are the primary context in which children develop and child disabilities are manifested. It is hard to overstate the role of the families as they identify child challenges, seek help to respond to those challenges, and influence child outcomes. This course will survey the primary theories that guide research on families of children with disabilities, examine the research regarding family help-seeking decisions and subsequent child outcomes, consider the benefits and challenges of family-driven service models, and explore the ways that professionals work with families effectively to maximize family and child outcomes. Measurement of family variables will also be covered. Above class meets In Person. For more information visit <https://covid.iu.edu/learning-modes/index.html>
